CRABBSAC MONTHLY

Editor Clare Nicholls – cpbird@talk21.com

Hi. This is just a short newsletter this month with details of our possible new club and pool night and forthcoming 50th anniversary events. This month has also seen the Dive Planning and Marshalling meeting and a meeting about changes to the pool night. Both meetings had a good attendance.

New Club Night

Negotiations are still underway with K2 to change our usual Thursday pool night at the Horley Pool to a Wednesday slot at K2. This change will therefore make way for a *new* CRABBSAC night, the idea being that lectures will take place before the 9:00pm pool slot at the club hut and students will then collect their equipment from the club hut and take it to the pool. I will keep you posted on the start date for this.

BBQ

The next CRABBSAC BBQ will be on Saturday 24th June at the Club Hut. Please bring your own food and drinks will be available from the bar. It will be great to see you there, maybe after a days diving?

50th Anniversary

As I am sure you are aware it is CRABBSAC 's 50th anniversary this year. The committee are really keen for this celebration to be a good one so have the

following events in mind. On Saturday 19th August there will be a family day on Seaford beach, the idea behind this day will be for members to bring their family and friends to the beach for the day. The boat will be available to take children for rides with some water sports available; there will also be a BBQ. The main aim of this day is for our club to achieve 50 dives!!(This is not 50 divers – as I feel this may be stretching it a bit!!) but for 50 dives to take place throughout the day. Brian Rogers has kindly offered to take divers to find the Seaford Cannons.

The following weekend we wish to celebrate this milestone by having a big party at the club hut. Please feel free to provide me with any other suggestions!!

Dates for your Diary!

Sunday 28th May- Diving the Pentrych. See Dave C for details.

Saturday 3/4th June- Devon Trip. See Steve Elliot for details.

Saturday 10th June- Days diving. See Allan O Neil.
